YEAR ESTABLISHED

INTRODUCTION:

Saigon Academy is a private institute that provides several of educational services including studies counseling, foreign language training, college training (2 years college degree) and further related educational services. Our clients mostly are students graduated from the high school program in Vietnam or freshmen and sophomore from other colleges and universities in Vietnam nationwide. We offer both professional knowledge which ensures students to be able to work well and English preparation to help students prepare for academic studies in the English language in Vietnam and in other international universities.

SERVICES

STUDIES COUNSELING

Saigon Academy places role of agency to study the school admission for many educational institutions in the main English-speaking countries worldwide such as United Kingdom, Australia, Spain, Thailand, etc... Our counseling services include:

- Providing accurate information about the admission period, tuition fee, living expenses and educational system of each country;
- Consulting the appropriate major, schools and setting personal learning plan for students;
- Assisting the enrollment process in foreign schools and universities;
- Consulting and guiding the student visa application procedure;
- Arranging accommodation for students;
- Contacting frequently with the students and their parents, and are willing to help students during their study.
- Supporting the visa procedures for parents or relatives visiting students.

FOREIGN LANGUAGE TRAINING

English courses: Our courses are designed for people who need to communicate English effectively in their work and life. All of the courses are tailored to learners' specific needs and are taught by trainers specialized in teaching English. There are a variety of courses such as: English Foundation, English for Communication, TOEFL, IELTS, TOEIC, Study for VNU-EPT, etc....

Thai courses: We have many different classes with many levels from Thai starter for beginners to advanced level. All learners who need to equip themselves a foreign language, individuals who want to communicate or do business with Thai partners as well as students who wish to study or work in Thailand can easily join with us.

We offer the academic training program and university transfer for students wishing to begin an academic career. After finishing the 2 years college degree, students can transfer directly to Bangkok University, Thailand. With the knowledge, experience and degree from high ranking university in the area, students would have a better prospective career not only in Vietnam but also in other countries in ASEAN. The majors are as follow:

COLLEGE PROGRAM

- Telecommunication Technology
- Computer Graphics & Multimedia
- Information & Communication
